Bring in a friend too!

Studies show that those who work out with a friend dramatically increase their chances of sticking with a program. Plus, I have a referral gift for each new member you bring to the club.

Change more than your body!

World Health Club is Alberta's leader in offering affordable Corporate fitness solutions.

We started World Health in 1983 with one small club. With an overwhelming response to our great service, exceptional staff, and the best equipment available, we have now grown to be Alberta's first choice for health and fitness solutions. As for the future, rest assured that you will remain at the cutting edge of fitness with World Health Club.

Quality of life starts with living well. At World Health Club, we're here to help you discover the benefits of living an active, healthy lifestyle.

There are many success stories from people like you that have joined World Health Club and started a more active lifestyle with our help.

We've built our company on the philosophy of great service, state-of-the-art equipment, knowledgeable staff and convenient locations, all for an affordable price. Our goal is to be a part of our community by helping people to live healthy and active lives and with 13 clubs in Alberta to serve you, we are changing lives each and every day.
